

## Quality Policy

Aeris Environmental Ltd is a world leader in the development of products related to microbial remediation and protection of buildings as well as performance optimisation in the built environment with respect to energy usage. Aeris Environmental Ltd not only ensures that assets perform better, are safer, last longer and cost less to run – but also helps building owners and managers create more sustainable built environments.

Aeris Management is committed to

1. Meeting customer, statutory and regulatory requirements
2. Continual improvement of the quality management system
3. Continual improvement of customer satisfaction

Quality objectives have been put in place to support the achievement of the quality policy, which is regularly reviewed and amended as required.

Implementation of a Quality Assurance System to ISO 9001:2015 standards is part of the organisation's commitment to quality customer service.
